How Power Reading

PRO's high-interest stories are recorded by Marie Carbo and Bob Cole using Marie's nationally validated recording method. PRO students average reading gains of 1½ to 3 years in 10 months.

PRO's Placement Test is quick, accurate, and takes no teacher time.

Students can read the stories and play the story games multiple times.

Grades 4-12 work with high-interest story choices and make rapid reading gains.

Students can work with PRO's online stories and story games anywhere.

Online® Works...

PATENT PENDING

PRO's story games practice comprehension and vocabulary skills.

Students can listen to the recorded story questions before answering them.

The student readback takes about 2-3 minutes. For the readback, PRO provides wpm and story summaries for teachers.

GREAT REPORTS

Individual Total Report

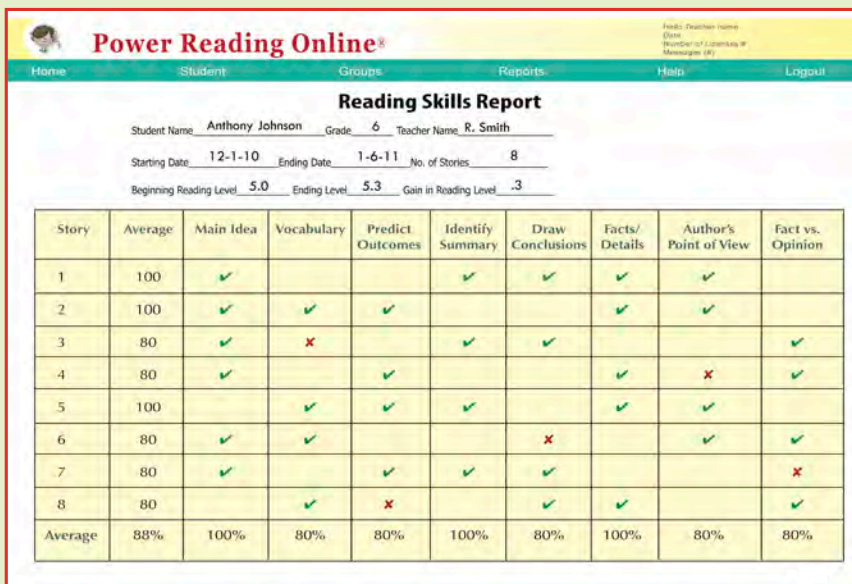

Displays the reading skills tested, the student's score at the beginning and end of the testing period, and the average score for each skill. Fluency scores and total skills scores are graphed.

© Copyright National Reading Styles Institute, Inc., 2012

Individual Reading Skills Report

Displays the reading skills tested, the average score for each skill, and the questions answered by the student correctly or incorrectly. Click on an "X" or a "✓" to view the student's answer.

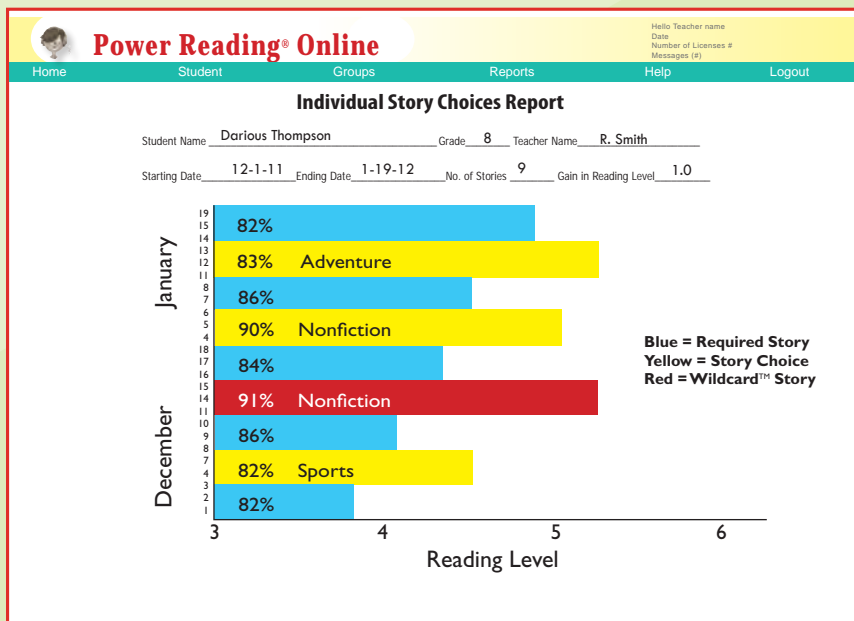

© Copyright National Reading Styles Institute, Inc., 2012

You can produce reports for any given time period simply by entering the starting and ending dates.

Individual Story Choices Report

This graph shows the required and chosen stories read by the student, as well as the topic selected, the reading level of each story, and the student's total reading score for each story.

A Teacher Summary Report and a District Summary Report can also be produced quickly, and data can be disaggregated easily.

Why Students Achieve Gains with Power Read

Quick, Accurate, Easy Student Placement

- The online placement test takes about 15 minutes.
- At-risk readers in gr. 4-12 start with high-interest/low-readability stories.

High-Interest, Specially Recorded Stories Raise Reading Levels Fast!

- Includes over 500 high-interest Carbo-recorded stories w/recorded questions.
- Each story has a reading level and a Lexile Measure.
- Stories are recorded by Marie Carbo and Bob Cole using Marie's powerful recording method (featured in *Essential Readings on Fluency*, published by the International Reading Association, 2009).

Story Choices Create Motivated Readers

- Students in gr. 4-12 can choose many of the stories they read.
- Students move independently at different rates, depending on their ability.

Differentiated Instruction for Tactile, ELL, Dyslexic, and/or Students Who Need Extra Practice

- Each recorded story includes an online reading skills game.
- A Spanish introduction is available for each story.
- Tinted computer screens are available to students.
- Students can access their recorded stories and story games at home.

Instant, Accurate, Detailed Progress Monitoring

- Teachers can access PRO at home.
- Story summaries are provided for teachers.
- Automatic progress monitoring is ongoing, and moves students forward at the correct pace.
- Words-per-minute (wpm) are automatically calculated as an optional feature.
- Reading scores are automatically calculated, displayed, and archived.

Excellent Training for Teachers and Teaching Assistants

- Free online Teacher's Guide and Training Video, 4-week trial
- On-site training available

as little as \$16 per student
