

# Improve Reading Achievement

*"The use of colored overlays and filters may provide the fighting chance many at-risk readers deserve."*

Rickelman and Henk, "Colored Overlays and Tinted Lens Filters," The Reading Teacher, 1990

## Reduce Dyslexia

*"Brt oyw00Kgdoo!"*

Chris, a third-grader, wrote what she saw as she looked at the words, "But you look good," written on white paper.

*"But you look good!"*

A colored overlay placed over the white paper enabled Chris to see the letters correctly and to write this greatly improved version.

From: See It Right Manual by Dorothy Henson-Parker

**Without Overlay**  
Some students perceive letters as reversing, doubling, and sliding, making it difficult to read.

**With Overlay**  
The correct colored overlay placed over the page can help students to perceive letters accurately.

*Hundreds of Thousands of Students Helped!*

## Better Grades

### How NRSI® Colored Overlays Improve Learning

For some people, looking at black letters on white paper causes headaches and eye fatigue, or words may seem to shake, move, or reverse. The correct colored overlay often dramatically reduces visual distortions or discomfort, and improves reading and learning ability.

### Why Our Colored Overlay Assessment Kit Is Critical

Not everyone is helped by the same colored overlay. NRSI's Colored Overlay Kit contains 22 different-colored overlays, reproducible record-keeping booklets, and a "Quick Checklist for Assessing Visual Difficulties" that identifies those most in need.

### Colored Overlays Can Help Students with:

- Eye strain, headaches
- Letter/word reversals
- Problems tracking or copying
- Poor comprehension
- Slow, halting reading
- Difficulty reading for prolonged periods

### Colored Overlay Assessment Starter Kit

Contains one OVL24M (22 medium colored overlays) and one See it Right! Awareness DVD (shows how to assess students) and a information book.

OVM-Starter ..... \$72.00

## NRSI® Colored Overlay Assessment Kits

Assess your students with our Crystalclear®, non-scratchable colored overlays (available in large and medium sizes)

**OVL24L** All 22 Colors (Large Overlays/ 8 1/2" x 11")..... **\$79.00**

**OVL24M** All 22 Colors (Medium Overlays/ 5 1/2" x 8 1/2")..... **\$52.00**

**Individual Color Sheets \$5 Each** (minimum order of four sheets)  
(Use the name of the color when ordering)

*After Student Assessment, Order the Color(s) You Need.*
